Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Saturday 18 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy with showery rain overnight. Turning drier next week.

This Evening and Tonight:
Dry for most through the evening, however a few showers in the north may be slow to clear and showery rain will affect western parts. Much of the region will receive showery, locally heavy, rain at times overnight. Generally cloudy. Minimum temperature 11 deg C (52 deg F).

Sunday:
Cloudy for many on Sunday, with some outbreaks of rain, mainly affecting eastern parts. Skies in the west will gradually clear through the day, leaving sunny spells. Maximum temperature 20 deg C (68 deg F).

Outlook for Monday to Wednesday:
Sunny spells in the west on Monday, but cloudier further east. Mostly dry with sunny spells Tuesday. Most of Wednesday dry with sunny spells, but rain arrives later.
